SEWER CONTRACT FOR TWO CITIES IS STUDIED TODAY

With a 24-year agreement to expire in less than a month, the Ontario city council will be in a special session this afternoon to consider a proposed Upland-Ontario contract for joint operation of a sewage disposal plant.

Copies of the proposal as prepared by the Upland and Ontario city managers have been given to the councilmen of the two cities. Upland councilmen have informally discussed the proposal. The Ontario councilmen at their meeting today will analyze the proposition.

The next step in the matter is unknown but Mayor George P. Weldon of Ontario said that the two city councils may have a joint meeting or the matter may be turned over to the city attorneys for legal approval.

Terms of the proposal as prepared by City Managers Richard G. Manley and Neal D. Smith have not been made public. In general, however, the proposition calls for enlargement of the disposal plant, joint operation of the project.

Week End Accidents Cause of Injuries

A three-car accident over the week-end in Ontario sent three persons to hospitals for treatment.

Jess Gonzales, Chino street, Ontario, injured in the same accident, was treated at San Antonio Community hospital, while four others suffered minor injuries.

Cars Collide When Drivers Head Into Same Traffic Lane

A collision occurred yesterday about 6:45 p.m. when Evelyn G. Miller, Twenty-fourth street and Euclid avenue, Upland, eastbound on Foothill boulevard, and Bernardo Recania, Old Baldy Camp, Upland, westbound on Foothill, both attempted to turn their cars into the south lane of traffic on the east drive of Euclid avenue which is serving two-way traffic during resurfacing of the west drive. The cars were damaged, but no one was injured in the accident.

Woman Fails to Buy and Failed to Get $48 Jack Pot

Mrs. Elwyn Bice, 607 East Seventh street, had a good habit, but because she didn't continue it long enough she lost $48 last night.

For weeks she regularly bought at Upland stores on Saturdays and kept her sales slips. A while back she gave up the idea of trying to win the dividend day jack pot.

Her hause number was selected and she was offered $49—but she didn't have the sales slips and she didn't get the money. She was given $1, however, just to help salve the wound of bitter disappointment.

With the $48 Mrs. Bice didn't get and with the $25 the merchants will add to the jack pot Saturday, total of the next dividend day award will be $73.

The residence of James R. McIntosh, San Antonio avenue, north of Twenty-fourth street, was selected for The News grocery award last Thursday. None of the family, however, had sales slips from the advertising food stores but $1 was given to Mrs. McIntosh.

$40 GOING TO FOOD STORE CUSTOMER

It is going to be a real thrill for some Upland housewife on Thursday night to receive $40 from The Upland News. That is, she will get this tidy little sum if she has sales slips from food stores advertising in today's Upland News. Her sales slips must show purchases of $1 and they must be dated either Wednesday or Thursday.

In other words, the money is going to be offered to someone whose house number is selected. The offer will be made at 6:30 p.m. Thursday.

It's mighty fine business to buy in Upland anyway on Wednesday and Thursday. And what a thrill it will be to get the $40.

Turn now to The Upland News food advertisements in today's issue. Plan your shopping accordingly—and be prepared to receive the cash from The News representative Thursday.

MRS. ECKERMAN IN SEARCH FOR WOMEN

Mrs. Mary Eckerman has found her buttons, and in her eagerness to hurry along the Red Cross work, she even has materialized with the aid of generous donors, four sewing machines. She has an abundance of material to be made up.

Now, all she needs is someone to man the machines.

Mrs. Eckerman, chairman of the Upland Red Cross chapter, is trying hard to turn out the clothing now being needed so desperately by the war victims in England. Especially is she anxious about children's clothing.

It is cold in England; winter is setting in there, and thousands of children will suffer if clothing is not sent at once.

So Mrs. Eckerman wants women to do the machine stitching, the basting; to sew on buttons and make buttons holes and to knit. A number of women, are working now, but many more are needed.

The work room is open from 9 a.m. to 4 p.m. each Monday, Wednesday and Saturday. If some club or other group desires to work on some other day, the work room will be opened for them. Anything to get the work done says Mrs. Eckerman.

The work may be done in the headquarters work room on North Second avenue, or in one's home.

Mrs. Paul Adams is chairman of the cutting committee; Mrs. John B. Craig heads the sewing committee, and Mrs. Frank M. Baxter, is knitting chairman.

$18,000 ADDITION STARTED ON ALTA LOMA FRUIT HOUSE

Preparations were started this week for the construction of an $18,000 addition to the Alta Loma packing house plant of American Fruit Growers, when the contract for the work was signed this morning in Los Angeles, awarding construction to Nylan Hurd, Santa Ana contractor, who specializes in the erection of orange packing houses.

Announcement of the plant expansion was made by Charles Blatz, plant manager, who said that the new 70 x 70 foot structure with a full basement will be built on the west end of the present plant building, providing 20-car storage space on the floor. Paralelling the P. E. siding, the much needed storage space also will give additional loading space for spotting cars.

FOLLOW PLAN

The new extension represents an expansion of the improvement program begun last year when $19,000 was expended on the Alta Loma plant, at which time a new, modern grading table was installed. New business which has been taken on has made the additional space necessary, Mr. Blatz explained, and added that another addition on the east end of the plant is contemplated in the near future.

Planned to be ready for the early naval season, the storage additon now under construction will be a stucco building and will incorporate a new type of plastic floor. Eventually, Mr. Blatz indicated, it is planned to have all floors in the Alta Loma plant covered with the new plastic.

Duck Season Near River Is Delayed

Duck hunting season is going to open Oct. 16, but in an area adjacent to the Colorado river it will not open until Nov. 2, according to A. L. Stager, game warden for this district. He reported on a ruling from the California Fish and Game commission.

The delayed opening affects the area 10 miles west of the Colorado river, beginning at a point where the state lines of California, Arizona and Nevada join, and extending south to the Mexican border.

Upland sportsmen frequently go near the river and Mr. Stager made this announcement now so plans could be made accordingly. The season ends on Dec. 14.

GUARD FREEDOM, AMERICANS TOLD

American students were urged to appreciate their freedom and to make a reality of the final words of Lincoln's Gettysburg address when Gerhardt Seger, former member of the German Reichstag who escaped seven years ago from a concentration camp to the United States, addressed the first combined junior college and high school assembly at Chaffey Monday morning. He was introduced by Norman S. Lawson, president of the Chaffey board, who secured his appearance here after hearing him speak in the East.

Mr. Seger spoke fearlessly, he said, since all his family are out of Germany and there is no danger of reprisals against any of them. He traced Hitler's rise to power by personal stories of his experiences in concentration camps, followed by his eventual hazardous escape.

"In a totalitarian country, your whole life, public and private, is regulated and controlled by the government," he said. This is best illustrated, he pointed out, by heavy imprisonments imposed for listening to foreign radio broadcasts. No one is allowed to read or hear anything not sanctioned by the government.

The fact was stressed by Mr. Seger that Americans should know their own country and work for its future.

MRS. PHILLIPS IN APPEAL FOR SHOP

Because no "bundle tea" will be held this fall by the Upland Junior Welfare League, Mrs. L. Dudley Phillips, chairman of the League's Welfare shop, is appealing to all persons interested in welfare work to contribute used clothing direct to the shop.

Stock of all kinds is needed right now, especially clothing for school children, and Mrs. Phillips asks that all who have outgrown or otherwise discarded garments donate them to the shop at once.

The shop is open each Tuesday and Friday from 9 a.m. to 4 p.m., and bundles may be left there on those days. On the days the shop is not open, contributions may be left at the chamber of commerce office.

DISTRICT NORTH OF 26TH STREET BEING SURVEYED

Possibility of a new location for the proposed San Antonio canyon flood control dam is being studied by U. S. war department engineers, nearly a dozen test holes have been "spotted" north of Twenty-sixth street.

Bringing a new sign of activity to a proposal that has been dormant for many months, surveyors have been locating the sites of test holes. Actual excavation of the test holes is scheduled to start this week.

Tentative dam site formerly selected was in the wash from Twenty-second to Twenty-fourth streets.

Property owners along Mountain avenue today reported the government engineers said a new site was being considered. The fact that all the new test holes are to be placed north of Twenty-sixth street indicates special study is being given to the plan of locating the huge dam in the canyon proper.

N. R. Jamieson, Mountain avenue citrus grower, has a letter from the U. S. war department office in Los Angeles, stating that no money is available for construction of the proposed dam.

While it was generally believed no construction would be started until the current national emergency passed, the new activity today indicated the engineers are getting everything in readiness for actual construction just as soon as any money is available.

Warren H. Wass and W. N. Williamson, Mountain avenue property owners, reported to The News on the statements from the government surveyors.

Francis Brogan and Mary Ann Daniel Wed in Garden

Exchanging their nuptial vows in a charmingly arranged garden wedding, Miss Mary Ann Daniel, daughter of Mr. and Mrs. Joseph L. Daniel, and Francis J. Brogan, son of Mrs. Maud M. Brogan of 507 North First avenue, Upland, were united in marriage Saturday afternoon at the Daniel home 238 Olive street, Claremont.

Preceding the ceremony a musical prelude was provided by Mrs. Raymond Davis, pianist, of Pomona, and Mr. Daniel, the bride's father, sang "I Love You Truly" (Bond), accompanied by Mrs. Davis. The pianist also played the two traditonal marches, the "Bridal Chorus" from Wagner's "Lohengrin" and Mendelssohn's "Wedding March."

As the bridal pair and their attendants entered the garden they took their places before an improvised altar, a fan-shaped trellis banked with ferns, at each side of which stood a large basket of white gladioli.

The double ring marriage service was read by the Rev. George N. Reeves, pastor of the First Christian church in Pomona, in the presence of 150 guests assembled in the garden.

The bride, who was given in marriage by her father, was lovely in a gown of white chiffon over white satin, fashioned with short train, and with it she wore a three tier veil held with a wreath of orange blossoms. Long white lace mitts completed her costume and she carried a shower bouquet of white sweet peas and white carnations. Her only jewelry was her mother's strand of pearls.

The bride's attendant was her matron of honor, Mrs. Hubert Harris of Pomona. She wore a gown of yellow embroidered net and carried Talisman roses and orchid sweet peas.

Preceding the bride was her niece, little Billie Jeanne Raper of Kimball, Neb. She wore a dainty frock of turquoise lace and carried the ring on a white satin pillow.

Attending the bridegroom as best man was Robert Sherwood of Ontario. The ushers were the bride's brothers, Samuel Daniel of Claremont and Thomas Daniel of Pomona.

Mrs. Daniel, mother of the bride, was attired in blue crepe and Mrs. Brogan, mother of the bridegroom, wore a gown of black faille. Each wore a gardenia corsage.

Immediately after the ceremony a reception was held in the garden, where a wedding collation was served from a table graced with white carnations and bouvardia, the floral arrangement being completed with tall white candles. Both the bride and the bridegroom shared in the traditional honor of cutting the first slices of the cake, she cutting the beautifully decorated bride's cake and he slicing the equally handsome groom's cake.

Presiding at the table were Mrs. John Hunter, Mrs. Ida Schwebel, Mrs. J. W. Brown and Mrs. Thomas Daniel.

When Mr. and Mrs. Brogan left for a short motor trip the bride was attired in a suit of avocado green wool with copper brown accessories and she wore a corsage of white carnations and maidenhair fernery.

The bride attended the Claremont schools and graduated from Chaffey junior college.

Mr. Brogan, a graduate of Chaffey high, is now employed in the Santa Monica plant of the Douglas Aircraft corporation and he and his bride will make their home in Culver City.

Parent-Teacher Cooperation Is Aided by Visits

Home visitation by Alta Loma teachers, which was found to be so successful last year, has been instituted again this year and will be in progress during this week and possibly part of next, it is announced by Principall Boyd Lehman.

Visits of the teachers to children's homes has brought about much closer cooperation between teachers and parents, it was said. San Bernardino county school office has given its full approval of the plan.

Time for teachers to visit parents each afternoon has been arranged by shortening the noon hour, thus permitting school to be dismissed at 2 p.m. and giving the afternoon to teachers' calls.

St. Mark's Auxiliary Members in First Session Monday

First meeting held this autumn by the Woman's Auxiliary of St. Marks occurred Monday and was made a combined business and social event.

Mrs. J. H. Tracy was the hostess, entertaining the more than 40 members at her home, 2162 North Euclid avenue.

The meeting opened with a contributed dish luncheon and because it was the first meeting and because a pleasant surprise was planned for Mrs. George West Barrett, wife of the rector, Mrs. Tracy took special pains to make that portion of the meeting a delightful social event.

Brightly colored zinnias, snapdragons and gladioli were used in the floral decoration of the rooms and an arrangement of the flowers, complemented with cream and green candles in silver holders, graced the handsomely appointed luncheon table. The smaller table also were charmingly appointed.

The day marked the fifth anniversary of the wedding of the Rev. Mr. and Mrs. Barrett and completely surprising Mrs. Barrett the Auxiliary members presented her with a shower of wooden gifts.

In the absence of the president, Mrs. A. L. Weber, who is traveling in the east, Mrs. Forrest E. Doucette, vice-president, conducted the business session.

Presentation of their summer earnings was made by the members and much satisfaction was expressed with the large fund accumulated, the amount being the largest ever turned in for this particular fund.

During the meeting Mrs. A B. Senn, the Auxiliary delegate to the Diocesan summer school at Occidental college, gave a report of the school.

Reception in Honor Of Choir Held At Church

As a farewell courtesy for Miss Elizabeth Wright and an expression of appreciation of the service rendered the church by the choir, members of the Methodist church gathered in Fellowship hall Friday night, following choir practice, and held a reception for the choir members.

Special honor was paid to Miss Wright, soloist, who left the next day for El Centro, where she will be with the library for the coming year.

Mrs. Hjalmar Anderson served as mistress of ceremonies. As a part of the program Mrs. Marion Maxwell and Miss Kathryn Mitchell contributed solo numbers, accompanists being Mrs. Lewis Jenison and Miss Marjorie Porter.

ALTA LOMA FIRE DESTROYS AUTOS

Two automobiles were a total loss in a fire which gutted a garage at the Frank Caranza home on Monte Vista avenue, Alta Loma, about 7:15 p.m. Sunday.

With the entire interior of the garage ablaze, the cars were gone when the Alta Loma fire department arrived on the scene, so it turned its attention to curbing the spread of the fire and to saving adjacent buildings. The firemen did an excellent job, keeping the fire almost entirely inside the garage and saving chicken and rabbit pens which were very close to the fire.

TIGERS

Chaffey Tigers triumphed over Corona 13-0 in their first test of strength Friday night, when they split a double-header with the J. C. Panthers, who took on the Glendale J. C. Vaqueros before a record breaking crowd of several thousand spectators.

The Tigers measured up to hopes and expectations of Coach Howard (Muggs) Mitchell, as they proved themselves at home in the air and on the ground. Passing or plunging, the Tiger line and backfield clicked with a precision that gives promise of a brilliant brand of ball toting.

Tiger touchdowns were scored in the first and third quarters by Blatnick and Alonzo, with Blatnick making the one conversion. Tiger stars had support from a line that clicked every time the ball went into play. Every last man played an intelligent and telling game.

Tiger stars included: Ed Blatnick, Fernando Alonzo, Ray Stark, Howard Drake, John Martin, Leon Brewster, Chuck Martensen and Dick Jones. In for the kickoff were: Jones, Anderson, Derrick, Reed, Swain, Miglietta, Villanueva, Mortensen, R. Stark, Blatnick and Alonzo. ELEMENTARY NOTES

COLUMBUS PROGRAM—

A Columbus Day program, planned for presentation at Friday morning general assembly at Upland Elementary school, is being prepared by Mrs. Lulu Atwood's third grade class.

TREE STUDY CLASS—

Sixth graders this week began a study of all species of trees on the Elementary school playground. The tree study is carried on annually and is under the direction of Miss Florence Tarlton. One less tree than usual is on the list this year, due to the fact that an accacia tree on the playground died, as the paving prevented its getting sufficient water, it is believed.
